BRIGHTER BUSINESS FOR NATION, SAYS BANKERS' CHIEF

President John S. Drum Tells About Conditions; Outlook Declared to Be Good

Thirty-five hundred bankers meeting in Los Angeles, representing 24,000 banks with resources of more than $36,000,000,000, today rejoiced at the cheerful news that better and brighter business days for the United States are just around the corner.

Presenting a country-wide economic survey, prepared after months of careful observation by experts in every part of the nation, President John S. Drum of the American Bankers' association, told the delegates to the forty-seventh annual convention of the organization that "influences preventing the restoration of stable conditions are disappearing."

Mr. Drum also said in his address:

"There is nothing in our domestic situation, nor in the international situation, that can sustain a pessimistic outlook, or a despondent view that the world has sunk into permanent depression."

Working to Rebuild

The analysis from every nook and corner of the nation also showed, Mr. Drum said, "that as prices move toward stability on an equitable basis, the full purchasing power that is a necessary prerequisite of normal prosperity is being recovered.

"Steadily, as social and political conditions abroad improve, the wealth wasted in war is being replaced and foreign countries are working to rebuild the productive capacity that measures their ability to consume, and as foreign production increases world markets for American goods are being reopened."

According to Mr. Dunn three influences have served in the last year to retard a proper solution of

Prominent officers of the Los Angeles council will be guests of the Glendale council Wednesday night.

She fell and fractured her right arm in two places, one breaking at the wrist and the other in the forearm. She was given prompt surgical aid by Dr. T. C. Young and attended school today.

Mr. and Mrs. J. E. Peck came to Glendale from Calexico some time ago in order to place their 3-month-old son under the care of a specialist and are delighted to report that he is improving.

COMMENT
THAT'S ALL

$1,1000 Per Front Foot!
Public Opinion Needed
Put Knowledge In Use
Opportunity For Youths

By Gil A. Cowan

IN THESE DAYS of prohibition everybody enjoys a story with a kick in it. Two coming from correspondents in the east recently have more than the usual jolt.

At Joliet, Ill., the other day, Lulu, a family cow, ate some 100-proof fodder from a silo, attacked and defeated two flivvers, knocked down a dozen gates and made children flee her path.

Harry LaDuc, game and fish commissioner near St. Paul, Minn., landed a prize catch the other day. It was a barrel of moonshine. Being out of season his catch was confiscated and two alleged moonshiners haled into court.

Glendale today is getting a great "kick" out of the booze scandal stirred up here by the federal officials. Many people wonder where all of it comes from when the "drinks" are so scarce.

*

In the initial issue yesterday of The Hollywood Daily Citizen, an ably edited newspaper published by Palmer brothers and associates in Hollywood, there is an interesting report of Hollywood boulevard property selling for $1,100 a front foot.

Glendale investors who think that local prices are at top notch should consider what is being paid today for Western avenue and Hollywood boulevard property. Fabulous fails to tell of the fortunes made for those who bought while the buying was good in that splendid business district of Los Angeles' residential section.

As years roll by and people recount how the Baldwin sisters here sold the southwest corner of Brand boulevard and Wilson avenue for $450 a front foot, their hearers will simply say "Pouf." Indeed, it has been reported that $650 a front foot has been offered for that same property already. However, the deal is not consummated and when the desirable corner finally is sold it likely will be a larger figure.

The two great big throbbing questions before the people of Glendale today are one in cause and similar in answer. There is more than a quarter of a million dollars needed by the city schools to accommodate the greatly increased enrollment. The same holds true with the union high school district.

In addition to the matter of money the institution's problem has a more interesting angle and that is the matter of site. When Glendale was growing not so fast some years ago, it was impossible for the citizens to agree on the proper location for a campus.

Now there is little to agree upon—all of the larger tracts having been subdivided except those which are more or less isolated from the principal car lines. The sole hope of solving the questions about schools and sites is first to get the majority agreed to a program. Then vote the bonds for it. And by the majority, it cannot be construed to mean a committee or organization, but the body politic of this community.

The public should be taken into the confidence of the boards' members, Chamber of Commerce committeemen and others prior to any recommendation being made. In Europe every so often you will note a "vote of confidence" in the government, which means nothing more or less than a test to determine whether the policies being pursued are in accord with the largest number.

Could not some similar scheme be put into effect here on a small scale in the matter of local problems?

More rain, more slippery pavements.

It behooves the motorists on wet mornings to drive with extreme caution. The police and hospital attendants wait with heavy hearts to hear of the traffic toll and to care for the victims of the smashups.

Tires too highly inflated add to the danger and chains should be used whenever the trip is long or naturally precarious. Drivers should watch for mud washing down from embankments onto the pavement.

There are hundreds of precautions which every experienced chauffeur knows, but it is putting knowledge into practice that counts when it comes to avoiding trouble.

Young men. Here is an opportunity. Congressman Walter F. Lineberger writes:

"If you know of any young men in your vicinity who will be between 16 and 21 on April 1, 1922, and who would like to take the preliminary test for nomination to try for appointment to Annapolis, tell them to write me within the next week or so and I will be glad to give them a a letter of admission. Tests will be given at San Fernando, Long Beach, Pomona and Los Angeles."

C. OF C. DIRECTORS FOR INDEPENDENT POSTOFFICE

Long Letter Ordered Sent to Congressman Lineberger Demanding Action

Demanding that Congressman Walter F. Lineberger use his efforts immediately to bring about the establishment of an independent postoffice, a letter prepared by Secretary James M. Rhoades was approved this afternoon by the Chamber of Commerce board of directors.

In no unmistakable terms does this 2000 word communication set forth the reasons why Glendale is entitled to a postoffice of its own instead of being a branch of Los Angeles. Further, it states that unless action is obtained the case will be put in the hands of United States senators and no money spared to obtain what "99 per cent" of the residents desire.

Indorse School Bonds

Indorsement of the city school bond was asked and obtained by Richardson D. White, superintendent schools and director of the chamber, in a communication which included the final report of the committee of nineteen on the necessity of increasing the school system to meet the demands of the rapidly growing enrollment.

Among other matters coming before the board was ratification of an agreement with A. Buchanan to publish a pictorial booklet for Chamber of Commerce advertising purposes.

J. R. Grey brought up the subject of annexing contiguous territory between here and Burbank.

The petition of Vine avenue residents in the Grand View district for a reduction of fares was read with the railroad company's answer to a similar request in which concessions have been made. The new fare to Vine avenue was published in The Glendale Evening News this week.

At Louisville, Ky., he will be officially received by the Masons of that city. Upon his return to Glendale Mr. and Mrs. Jones and daughter will move into their new home on Kenneth Road.

LIND FAMILY MOVES HERE

Mr. and Mrs. Lind and family, formerly of Spirit Lake, Iowa, arrived in Glendale on Saturday, and expect to make their home here. They are at present staying with Mr. and Mrs. W. T. Elliott, at their new home, corner of Fairmont street and Pacific avenue. This is Mr. and Mrs. Lind's first visit to the west and when crossing the desert they felt inclined to be disappointed, but after reaching Glendale they became delighted with the country.

The hostesses for the evening were Mrs. Floyd Reed, Mrs. John Peebles, Miss Alice Watson, Mrs. Ernest Osgood and Miss Grace Case.

The J. O. C. class now has a membership of between 115 and 120 and of this number over 65 were present at last night's meeting, besides a number of visitors.

Anniversary Ball for Elks Being Planned

About 700 members of Glendale and visiting lodges were present at last night's regular weekly meeting of the local Elks club, No. 1289, the gathering being one of the largest in attendance of the year. A delegation of approximately fifty men were present from Fillmore, which is in the Glendale jurisdiction.

The art collection of the local lodge building was further increased during the evening by a large and beautiful oil painting, enclosed in an elaborate gold frame. The picture was presented to the lodge by John A Fraser of 350 Riverdale drive, who is one of the oldest members, in point of membership with the lodge, of the local organization.

During the evening announcements were made of the big anniversary meeting that is being planned for Monday night, October 17, and of the special anniversary ball, which is scheduled for October 29. Exalted Ruler Alfred E. Priest explained that the fourteenth of this month would mark the beginning of the ninth year of the existence of Glendale B. P. O. E., stating that the meeting on the seventeenth was to be a real celebration and jinks in honor of the occasion.

Following the regular lodge session the members enjoyed a musical entertainment, after which they were served with a "midnight lunch" in the Jinks room.

The two young women returned to Oxnard Sunday evening by automobile, they being driven up by Miss Wight's father, who lives in Eagle Rock.

J. W. STAUFFACHER QUITS AS CITY TREASURER; J. C. SHERER RESIGNS CLERK'S PLACE TO FILL VACANCY

Special Meeting of Council Accepts Resignation of Financial Head of Government; J. W. Blake Fills Gap in Glendale's Official Family

The resignation of J. W. Stauffacher from the position of city treasurer was accepted last night at a special meeting of the council. This was followed by the resignation of City Clerk J. C .Sherer who was appointed to the treasurer's post, and at an adjourned meeting this morning J. W. Blake was appointed city clerk.

That in brief tells the biggest news of weeks in official circles here, and it came so quickly that friends of all are surprised. Other minor matters were considered by the board, including a discussion of the moot garbage problem.

Mr. Stauffacher assigns ill health for his sudden resignation from a position in which he has served for several years since quitting the management of a local lumber company. He was unopposed at the recent election under the new charter form of government.

Mr. Sherer served as the first treasurer of the city of Glendale, and through his official capacity he steps into the office eminently well fitted to care for municipal finances. His appointment late last evening was made on a few minutes notice.

J. W. Blake, the new city clerk, was slated for the post of assistant to Mr. Sherer prior to the day's turn in events. He is a resident of 544 West Alexander street, coming here from San Diego recently, where he was employed by a bank.

His experience covers widely diverging business enterprises, having been a reorganizer, auditor, cashier and manager. He also served for two years as deputy county treasurer of Warren county, Ia., his native state.

At the all day conference of the California Congress of Mothers of the first district, which is to be held on Tuesday at Garfield hall, Walker auditorium, Los Angeles, one of the special features of the program will be a talk given by Dr. Bertha Chapman Cady, now of Standford university, and who is connected with the inter-department board of hygiene of the United States. Mrs. H. J. Ewing of San Jose, state president, will talk on "P.-T. A. Efficiency."

Earl Meeker, supervisor of music in the Glendale schools, will lead the singing and Mrs. H. R. Darling, also of Glendale will be one of the soloists. Delegates will be present at the conference from Glendale, Santa Monica, Long Beach, Pomona, San Pedro, Pasadena and other cities.

CAMP FIRE GIRLS MEET

The members of the Camp Fire Girls' enjoyed a progressive party Saturday night. The first stage of the affair was held at the home of Miss Alice Farrow, 214 West Doran street, where a business meeting and taffy pull were enjoyed. From there the party of sixteen girls journeyed to the home of Miss Dorothy Wilson on North Central avenue. Here they enjoyed progressive bunco. The next and last section of the party was held at the home of Miss Emma Laura Cooper, 302 North Central avenue, where refreshments were served and dancing enjoyed.

Mrs. Montgomery's Home Is Luncheon Scene for Session

Mrs. A. H. Montgomery of 415 South Central avenue, curator of the Shakespeare section of the Tuesday Afternoon club, was hostess at a very charming luncheon given at her home yesterday afternoon to the members of that section. The colors of the Shakespeare section, red and white, were most effectively carried out in the table decorations. Both of the large luncheon tables were most attractively centered with a beautiful bouquet of dark red rose buds. Nut baskets, in the form of rose buds, fashioned from red crepe paper and place cards with the names of various characters from plays which have been given by the section, marked the guests places. Mrs. Montgomery was assisted by Mrs. R. A. Puffer, Mrs. Frank Ayars, and Mrs. Walter Jones.

After the luncheon Mrs. C. E. Hutchinson, president of the Tuesday Afternoon club, gave words of greeting to the section. Talks were also given by Mrs. May Ralston and Mrs. Lyons. Mrs. Charles A. Parker rendered several delightful vocal solos. Mrs. Frank Ayars was elected secretary-treasurer of the section.

BRIGHTER BUSINESS FOR NATION, SAYS BANKERS' CHIEF

President John S. Drum Tells About Conditions; Outlook Declared to Be Good

(Continued From Page 1)

America's domestic and economic problems.

"The first," said the speaker, "is the mistaken idea that the process of readjustment is a struggle between groups of producers and that each group is capable of improving its own condition at the expense of others and is striving to attain prosperity by keeping the other fellow down.

"The second is the mistaken idea that legislation can deflect the operation of economic laws so as to benefit particular groups, and the tendency to let the enactment of legislation be guided by political expediency rather than by sound economic requirements.

"The third is the tendency to coin slogans and catch phrases and to substitute them for sound reasoning. These serve only to obscure the vision and befog the reason."

Mr. Drum cited "buyers' strike" as a catch phrase which was misleading because "it was not that the people did not want to buy; it was simply that war-time prosperity was at an end, values were being reduced, and people did not have the money to buy."

Mr. Drum's survey enumerated three "great domestic influences that more than all others are retarding the readjustment of prices and costs." These he said are:

"First—The delayed adjustment of the cost of labor.

"Second — The sustained high costs of transportation.

"Third—The continuation of an unsound system of taxation that diverts working capital from its proper channels."

Prominent bankers who are present at the convention agreed today that the unemployment situation is one of the most important problems now confronting the country and must be given immediate attention.

John G. Lonsdale, president of the National Bank of Commerce of St. Louis, Mo., expressed a sentiment of many of the financiers from the Middle West when he said:

"The growing army of unemployed now officially estimated at 5,000,000, should of itself, spur the desire to speed up before winter is too far advanced. There is business today in America in every nook and corner. It merely needs priming, like the old country pump, to start the profitable flow."

An optimistic observation on unemployment was made by D. Irving Mead, vice president of the Irving National Bank of New York, who said:

"I heard the other day, but will not vouch for its correctness, that in the borough of the Bronx, New York City, building is going on so actively that a premium is being offered for skilled labor."

Charles A. Hinsch, president of the Fifth-Third National Bank of Cincinnati, Ohio, stressed the point that labor has not as yet been liquidated, and gave it as his opinion that business will not become stabilized until all lines of endeavor have been liquidated.

Transfers of Service

Following are the requests for transfer of service as shown on the records of the public department at the city hall:

Arthur L. Fryer's New Residence Has Pleasing Features

An arched ceiling in the living room, finished with jazz plaster and oil coloring will be a distinct feature of the new seven-room home of Arthur L. Fryer, contractor and builder, 424 Riverdale drive. The plan of the house is a Spanish type with original ideas worked out and put into effect by Mr. Fryer, with the result that a very attractive home will soon be added to Glendale.

A patio at the back, with a fountain and pool, opens into a breakfast nook, which is an original idea worked out in the design.

The work on the home has been done by Mr. Fryer, but his building and contract work throughout the city has been so strenuous that it will be a few more weeks before his home is finished.

MAUD'S MOVIE STAR! WHO'S MAUD? WHY SHE'S MULE!

Intelligent Animals Co-Star With Douglas MacLean In Film, 'Passing Thru'

Maude makes her appearance as a star in the movies at the T. D. & L. Palace Grand Theatre today and tomorrow. Douglas MacLean is billed as the star of Maude's picture, "Passing Thru," an Ince-Paramount production, but Doug freely admits that Maud carries away first honors.

Doug harbors no professional jealousy. On the contrary, he declares that Maud outclasses Bill Hart's "Pinto," and "Teddy," the wonderful dog, to say nothing of Joe Martin, the almost-human chimpanzee.

Like the star that she is, Maude, who is a pure white, lop-eared hybrid mule, displayed unmistakable evidences of temperament during the filming of "Passing Thru." Maude caused no end of worry to William A. Seiter, who directed the feature, as well as the entire MacLean company.

Possessed Weakness

She was engaged under the supposition that she was a trick mule. The trick, Seiter soon discovered, was to get her to work. Careful experimentation, however, revealed that Maud possessed little human weaknesses and through taking advantage of these she was made to perform in true stellar style.

Sidney Franklin's First National production "Unseen Forces" with Sylvia Breamer, Rosemary Theby, Conrad Nagel and Andrew Arbuckle is the other feature on the double bill. Henri Monnet's organ solo and Kinograms complete the program.

Mother's night yesterday was a big success and Manager O. P. Wilkerson intends to continue the innovation.

Excavation Starts for New Christian Church

The Glendale Construction company, 201 North Brand boulevard, is now preparing to begin immediate excavation on the grounds at the corner of Louise and Colorado streets, for the Christian church. W. G. Boyd, manager of the company, stated today that work had been somewhat delayed by the recent rain, but with a large force employed now, the work would be rushed right along.

G. E. Thomas Is With Burton & Chandler Co.

G. E. Thomas, 339 Milford street, who, three weeks ago became associated with the Burton & Chandler Realty company, 127 West Broadway, is very enthused over the future of Glendale. Mr. Thomas is a property owner here, and until his connection with the Burton & Chandler company, was affiliated with the Union Oil Company of California.

R. D. Otter Starts Wholesale Business In South Glendale

R. D. Otter, 915 East Acacia avenue, has opened the Glendale Distributing company at 107 East Park avenue, and announced yesterday he is in a position to supply local merchants with potatoes, beans, fruits and vegetables, canned foods, candies and tobacco at wholesale prices.

For the past year Mr. Otter has been traveling for the Stetson-Barrett Wholesale Grocery out of Los Angeles in order to get acquainted with business conditions in this vicinity. His grandfather established the firm of R. D. Otter & Co., of Louisville, Ky., seventy-five years ago, and Mr. Otter has been brought up in this business.

Feeling confident that this city is certain to have a continuous and prosperous growth, Mr. Otter said he wanted to establish a business here now which might grow with the community. Service and reliability are his watchwords.

J. C. Satow

Better Protection for Local Plumbers J. C. Satow Urges

"It seems to me that it might be a good idea for the City Council to act on an ordinance requiring all plumbers to pass an examination before getting their license in Glendale!" declared J. C. Satow, The Guarantee Plumber, 1513 South San Fernando Road, yesterday afternoon. "I am not kicking, but it scarcely seems fair that I should have to pay $70 for a license to do surplus work in Los Angeles while Los Angeles plumbers should be able to come to Glendale and take out a license for only $15.

"In the city every plumber, whether he owns a shop or not, is obliged to pass an examination. This costs him $10. If Glendale would adopt the same system, big Los Angeles contractors would not send gangs of men in here to compete with local plumbers because they would have to pay $10 for each employee and a short job would not pay them.

T. M. Edwards Has Big Oil Interests; He Refuses $40,000

T. M. Edwards, proprietor of the lunch room at 1415 South San Fernando road, is now ready to retire. Oil is the reason. Mr. Edwards says he has invested $1600 in real estate now being drilled by the Standard Oil company. He declares that he has has already refused an offer of $40,000 for the land. He expects to share the proceeds from a gusher.

R. E. Bach Honored by Birthday Party

A very pleasant time was spent last Wednesday evening, at the home of Mr. and Mrs. R. E. Bach, 905 South Verdugo road, the occasion being Mr. Bach's birthday. There were fifteen guests present and included the following: Mr. and Mrs. Henry Battger and daughter, Louise, Mrs. Howry and son, Mrs. Clara Lombard and Miss Elizabeth Doescher, all of Los Angeles, and Mr. and Mrs. M. Harmon and Mr. and Mrs. Capdelle and two daughters of Glendale. Music and games were indulged in during the evening and a dainty buffet luncheon was served at 11 o'clock.

Traffic Officer at San Fernando and Los Feliz Big Aid

J. H. Lauritzen is the name of the traffic officer who is now spending a portion of his afternoons upon a pedestal at the intersection of Los Feliz and San Fernando roads. His tall figure adds considerable to the landscape of the vicinity.

"Having an officer at the corner has made a lot of difference in accidents," remarked C. M. Meech, who is connected with the Tropico Garage, 410 West Los Feliz road, yesterday. "They used to be knocking them over there all the time. That is a bad corner and drivers don't realize it until it is too late. Lately there have been no accidents at all."

Is This Man Dead? or Is He Living? He Wants to Know

"I don't know whether I am living or dead!" yesterday drawled W. M. Darden of southern Glendale.

He took deliberate aim with his hammer and drove another "spike" through the sole of the shoe he was mending.

W. L. Floyd, proprietor of the shoe repair shop at 1503 South San Fernando Road, approached with some curiosity.

"Yes, sir," repeated Mr. Darden solemnly, "I am the only man in the world who don't know whether he is living or dead."

Mr. Darden continued to cobble.

"I reckon I'm the only man in the world who don't know where he is today," cogitated Mr. Darden, "and I can prove it."

Astonishment!

"My twin brother died when I was a month old," resumed Mr. Darden. "My parents never could tell us apart. When I was 10, my parents said I could have either the name of William or Wallace because they didn't know whether I was myself or my brother."

Grins!

"So," continued Mr. Darden, with a solemn smile, "I don't know whether I am myself or my brother. Of course, if I took the wrong name I am my brother and he is dead. Consequently, I don't know whether I am cobbling shoes right now or twanging a harp."

MRS. BALDWIN COMES HERE

Mrs. Ella Baldwin has arrived in Glendale from Catalina and joined Mrs. Cora Richardson in the operation of a millinery store on South San Fernando Road in southern Glendale. She acompanied her niece, Mrs. Charles Danforth, and Mr. Danforth to the Bolsa Chica Dome Sunday.

GUEST OF L. A. COUSINS

Miss Lucille Hoyt, the young daughter of Mr. and Mrs. F. E. Hoyt, 314 West Acacia avenue, spent the week-end very pleasantly in Los Angeles, as the guest of her cousins, the Misses Thelma and Mildred Jeanette Hoyt.

ARMSTRONG HOME AGAIN

T. J. Armstrong, of the Park Avenue Pharmacy, is back in Glendale again after a two weeks' vacation, ten days of which was spent in San Francisco. He reports a very pleasant trip.

RUINED!!

After you bade your wife and children a fond farewell—then to be called at your office informing you that your home had been destroyed by fire—isn't that a condition of affairs to turn one's hair gray—in the event that no insurance or insufficient insurance had been taken to cover the loss?

Particularly is it distressing when you have spent thousands of hard earned dollars to make your home really a HOME.

The premium for Fire Insurance is insignificantly small—and the risk is too great to take. We cannot only SAVE YOU MONEY on YOUR FIRE INSURANCE but can give you an exceptional insurance service.

HEAVY DEMAND FOR LOTS HERE SHOWN FROM RECORDS

Glendale Realty Company Has Excellent Business During September, Is Report

Since the reorganization of the office force of the Glendale Realty company, 131 South Brand boulevard, the firm has done a large volume of business, as the records show for the past month. P. C. Brown, of Eagle Rock, who came from Minnesota last winer, who during the month he has been sales manager has made an excellent record of sales, and the entire office force is very enthused over the work of the month of September, they declared.

Besides Mr. Brown as sales manager, the office force now comprises M. W. Gannon, 318 West Colorado street. R. N. Greenlaw, 708 Jackson street, Victor Pinchos, North Jackson street, and A. D. Knox of Tujunga. Under the present organization the sales force constitutes a live wire bunch of real estate men, and the sales they have made the past month is indicative of the work they are doing in building up Glendale, they point out.

Many Will Build

In the greater number of sales, as is true in the majority of real estate transactions in Glendale, the purchases were made with the intention of building as soon as possible. The following sales are reported:

C. D. Thom's lot, No. 26, block 4, tract 1645, to H. W. Beck, 216 East Wilson avenue; C. D. Thom's lot No. 32, block 4, tract 1645, to Walter E. Noble; Mrs. A. E. Randall's lot No. 29, block 4, tract 1645, to W. J. McIntyre; C. D. Thom's lot No. 33, block 4, tract 1645, to Rena M. Curl; H. E. Rommel's lot No. 132, block 833, Eagle Rock tract, to Mrs. M. E. Block, 115½ North Kenwood street; Judge Ross's lot No. 13, block 35, to Dr. C. A. Brandstater, 401 West Wilson avenue; Mr. Becker's lot No. 34, block 4, tract 1645, to Mrs. E. Hollingsworth; H. G. Kreutel, Los Angeles; Mr. Hege's lots, Nos. 8 and 9, tract 3703, Eagle Rock, to Dr. Bowen, Los Angeles; W. H. Young's lot No. 14, tract 927, to Mrs. Florence Parker, Los Angeles; Kathleen W. Warner's property, lot No. 81, Casa Verdugo, to R. W. A number of personal experiences in connection with the work done during the year by Mrs. L. W. Sinclair and Mrs. Yard were given by the latter. Mrs. Yard also suggested that various organizations donate sheets and pillow cases to be kept on hand for distribution. After a general discussion of the work of the bureau and council the meeting adjourned.

Librarian's Report Submitted to Board; Work Is Discussed

A discussion of the general outline of the work of the public library for the year was the main feature of the regular monthly meeting held by the library board last night. The report of the librarian, Alma J. Danford, 308 East Harvard street, was heard, and many suggestions for the work were entertained.

The board did not reorganize as the members have not as yet been sworn in. It is expected the members will be sworn in some time before the next regular meeting, so that the board may be reorganized then.

The general outline of the work and the plans discussed included new furnishings for the staff room, juvenile room, added shelves, and a table for correspondence. This last feature will be of great convenience to visitors in the city who call at the library either to read or write.

A pleasing feature of the librarian's report was that a list of books of importance to music lovers had been received from Miss Eleanor Caruthers of the Los Angeles library, and she was requested to submit a list of music books she has found to be of much importance in her department.

The librarian's report showed that the administration for the past month, including the summer reading had been very economical. To a certain extent this has been brought about by the selection of books on special subjects to be found at the library, the volumes being of the best authorities and covering a large scope on each topic.

The staff class has been receiving the benefit of book reviews by the librarian, Alma J. Danford, and this together with each department bringing in questions has resulted in much headway being made in that department.

EXPLAINING WORD "BOGUS"

Bogus is thought to be a corruption of the French bagasse, Latin bagasea, and was applied in French America to the refuse of the sugarcane. Another derivation is from Borghese, an Italian who flooded the southwestern states with counterfeit money. Bogus is also the name of a drink made from rum and molasses.

Cadman Program for Opening Music Club

A program of unusual excellence has been planned for the opening concert of the Glendale Music club for the winter season, which is to take place at 8 o'clock Friday evening, October 7, at Glendale Union high school, and is to be in the nature of a Cadman evening.

The artists will include Charles Wakefield Cadman, one of America's most popular composers and pianists, who will be assisted by Margaret Messer, operatic concert soprano, and Sol Cohen, concert violinist.

Mrs. Calvin Whiting has been appointed chairman of the door committee and Mrs. Freeman Kelley, chairman of the decoration committee for the concert of October 7. Members of the Junior auxiliary of the Glendale Music club, under the supervision of James Smith, will act as ushers.

Legislative Section Study Is Outlined

Mrs. Annie E. Williams, curator of the legislative section of the Tuesday Afternoon club, has been busy gathering material for the study of all bills before congress of special interest to women, both in regard to home and school, and is anxious to have a large number of club members present at the first meeting of the section, which will be held at Masonic temple next week, Tuesday, October 11, at 1:30 p. m., before the regular session of the Tuesday Afternoon club. At this meeting the Fess Economic bill will be discussed. This bill will be followed later by the Smith-Towner and Sheppard-Towner bills.

E. E. EAST IS SPEAKER

Mr. and Mrs. E. E. East of 121 West Lexington Drive attended a meeting at Tujunga, which was held for the purpose of discussing the most practical kinds of roads and the manner of construction and on which subject Mr. East was one of the speakers of the evening. Supervisor Wright and Messrs. Burt and Boyd of the county engineering department were also present and spoke along similar lines. Mr. East stated that it was a very representative meeting and a great deal of enthusiasm was shown.

CRUDE METHODS OF DEFENSE

Pueblo Indians were never warriors, but in the old days they were subject to frequent attacks by the wandering tribes, such as the Apaches and the Navajos. Therefore many of the crude adobe houses were built with port-holes up near the roof, which the occupants used to defend themselves from the attackers. Many of these old houses are still standing, and portholes are still there, just as they were years and years ago. Of course they are all occupied, for no new houses are built unless there is an absolute necessity for them.

SKIDS ON WATER JOURNEY

COLUSA—Walking on the water is more of a miracle than A. N. Sheldon was inclined to admit. The aquatic pedestrian who left Red Bluff last week with his shotboats to walk down the Sacramento river, has met with a delay. Sheldon skidded when one of his shoes struck a snag three miles below Tehama, with the result that he not only got a ducking, but lost most of his supplies. Undismayed by the mishap, however, Sheldon will continue the journey down stream, he declares.

Dust from the Sahara desert is sometimes carried by storms as far as England and northern Germany.

Cabbages and carrots were unknown until about the middle of the sixteenth century.

The World Today

The First National Bank of Los Angeles and the Los Angeles Trust & Savings Bank announce that the business conducted heretofore by their Bond Departments has been taken over by the First Securities Company—a company owned by the stockholders of The First National Bank of Los Angeles and the Los Angeles Trust & Savings Bank.

The investment business of both institutions will continue to be operated, as before, by the First Securities Company in the main banking room of The First National Bank of Los Angeles and of the Los Angeles Trust & Savings Bank and in the branches of the latter organization.

This separation of the activities relating to the bond business is one of corporate organization only. It has been effected because the growth of the institutions' business in securities has made necessary a type of organization which is free to render the fullest scope of service to its customers.

The policy of the Bond Department of the First Securities Company will be identical with that of its predecessors.

The management and personnel will remain unchanged, although augmented by the organization of Baer-Brown-Parsons Company, investment bankers of Los Angeles and Pasadena—the Baer-Brown-Parsons Company having been absorbed by the First Securities Company.

VARIED VAUDEVILLE PROGRAM TONIGHT AT GLENDALE

Two Boys and Piano Will Be Feature; Four Other Acts Will Be Presented

Armstrong & Phelps, two boys and a piano, feature the Meiklejohn & Dunn vaudeville road show coming to Glendale Theatre today. Four other pleasing acts, the best the Los Angeles field affords, will be presented. The star number comes direct from a tour of Pantages circuit and should prove a big drawing card.

Shirley Mason, the popular little William Fox star, will be the film attraction in "Lovetime." The story was written by Hubert LaDuc and the picture directed by Howard M. Mitchell. Raymond McKee plays opposite the star.

"Lovetime" has for its heroine a dainty maid of Savoy, of humble birth but fair to look upon. An aristocratic artist, noting her beauty, paints her portrait and surrenders his heart while doing it. The obstacles to the happiness of the pair, and how these are overcome, are said to be the basis of incidents which stir the heart.

W. E. Heaid Moves His Jewelry Establishment

W. E. Heald, 308 East Lomita avenue, is busy today moving in a stock of jewelry, and installing a watch repairing establishment at 125 West Broadway. Mr. Heald intends to carry a general line of jewelry, and will feature expert watch repairing, of which he has had considerable experience.

He will not have his jewelry stock completely installed until the latter part of the week, but is at present able to take care of all watch repairing. New show cases and a wall case will be added to the equipment of the store so as to display his wares properly.

Miss Harriet Baggs, proprietor of The Little Shop, 1021-A South Brand boulevard, and her sister, Mrs. C. Wykoff, her son, Frank Wykoff, their nieces, Geneva Baggs and Ramona Ryan and Betty Freeberg of Los Angeles, enjoyed an auto trip Sunday to Santa Ana and Pomona.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.
